

Sales and Catering Add On Licenses

APPLICATION	LICENSE NAME	LICENSE DESCRIPTION	FUNCTIONALITY
OPERA SC	OPS_MHOT	Multi-Property Catering	Activates the ability to track activities across multiple properties, sell events across multiple properties, and book sleeping rooms for groups across multiple properties.
OPERA SC	OPS_MHT2	Multi Property Catering Cross Selling	Used to manage catering business at a property level or a regional level. Multi-property bookings make use of one master business block with sub bookings (business blocks) for each hotel involved in the multi-property booking.
OPERA IFC	OPS_MM	Meeting Matrix Interface	Activates Opera's Meeting Matrix interface -- a graphical function space design tool for use by sales managers, catering staff and convention services personnel.
OPERA SC	OPS_OPUG	Opera Revenue Management System	Activates the OPUS TopLine Profit interface and the TLP Analyze Groups permission.
OPERA SC	OPS_PIM	Outlook/Groupwise Interface	Activates the integration of Opera S&C with Microsoft Outlook, which allows exchange of contact and activity information between the two applications.
